| Road Name | Activities associated with Transmission Line (South side) |
|----------------|--|
| Rutherford FSR | Ground preparation works taking place December 8-9 th |

Snow clearing along Lillooet River FSR

- Snow clearing from KM 0-49 will occur from now until mid-December.
- A small crew will be conducting limited snow clearing throughout the Christmas break.
- Plans for after the Christmas break have not been finalized.
- Pullouts for snowmobiles will be maintained where snow clearing ends. Please ensure vehicles do not block the FSR.
- Parking lots at KM 8.5 and 42 will be kept cleared.
- Active and passive control of avalanche zones may occur along the Lillooet River FSR and the road can be closed at any time for such control activities, if and when required. Avalanche technicians will block the road on either side of avalanche control area during control activities and once the area is deemed safe, the road will be reopened.
- Plans are subject to change and will be communicated regularly via these notifications

Wide load hauling through Pemberton on Wednesday, December 9th -

Expect delays on the Lillooet River FSR for hauling.
