KM 47-49	Upper Lillooet River HEF Upstream Tunnel Portal site open.

Snow clearing along Lillooet River FSR

- Snow clearing from KM 0-49.
- Pullouts for snowmobiles will be maintained where snow clearing ends. Please ensure vehicles do not block the FSR.
- Space limited at KM 46.5 and at KM 49 for truck and sled trailers. Please DO NOT block the FSR.
- Parking lots at KM 8.5 and 42 will be kept cleared.
- **Active and passive control of avalanche zones may occur along the Lillooet River FSR and the road can be closed at any time for such control activities, if and when required. Avalanche technicians will block the road on either side of avalanche control area during control activities and once the area is deemed safe, the road will be reopened.**
- Plans are subject to change and will be communicated regularly via these notifications.

Please be advised that these updates are issued on a weekly basis.
