

## Project Update

**Raising temperatures and solar on Friday will increase avalanche activity. Keep an eye open for any activity.**

**Be prepared for road closures/delays near KM41.2-KM42.5 due to road construction works.**

KM	Activity along the Lillooet River FSR
KM 2-37	Rough road. Attention to potholes required. Road maintenance occurring as required by Primary Permit Holder (Squamish Mills).
KM 38.5	Boulder Creek HEF Powerhouse/switchyard/tailrace site is open. Boulder Creek HEF Commissioning is underway!
KM 39.5 Athel Mainline Road (aka Boulder Intake Road)	Access road plowed to KM 3. Boulder Intake – <b>GATE CLOSED</b> at KM 3 for Mountain Goat restriction.
KM 39.7	Drive cautiously in this area – especially KM 39.7 to Km 41.2 as this is a narrow section of road (one-way traffic at a time). Please note the new traffic control lights in place through this area.
KM 41.2	Upper Lillooet River HEF Commissioning is underway!
KM 42	Lillooet River Trail <b>OPEN – Use at Your Own Risk!</b> <b>Road Construction Works commencing May 1 for 3 weeks – expect delays.</b> <b>Temporary parking areas to be establish – watch for flaggers directing traffic.</b>
Beyond KM 42	<b>Access beyond KM 42 is not advisable due to avalanche danger</b>

### Avalanche Control and Snow Clearing along Lillooet River FSR

- Pullouts for snowmobiles are maintained. Please ensure vehicles do not block the FSR.
- Parking lots at KM 8.5 (snowmobile staging to the Hurley) and KM 42 (Lillooet River Trail) are cleared.
- Active and passive control of avalanche zones may occur along the Lillooet River FSR and the road can be closed at any time for such control activities, if and when required. Avalanche technicians will block the road on either side of avalanche control area during control activities and once the area is deemed safe, the road will be reopened. Plans are subject to change.

### Be Prepared to Self-Rescue during Winter Conditions

**PLEASE NOTE:** CRT-EBC will allow a person in need to contact emergency services in town from the camp phone line to assist them but CRT-EBC will **not** be providing any services/amenities or responses to the public or stakeholders unless under the lead of other agencies (e.g. RCMP, Search and Rescue). Anyone entering the backcountry during the winter/avalanche season must be prepared for all situations and be able to self-rescue.
